

Allowable Subject Matter

Claims 1-4, 7-10, 13-18, 21-26, 29-35 and 38-42 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention is related to an information processing terminal wherein bio-information on the user is detected by a bio-information detecting means, psychology corresponding to the detected bio-information is analyzed based on the detected bio-information and the psychology corresponding to the detected bio-information, information matching the result of psychology analysis is generated on the basis of the bio-information of the individual and the information is provided as an output by an output means. The claims are allowed because the prior arts of record alone or in combination fail to teach extracting words used by the user where the generated information includes the words extracted as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D. Abebe whose telephone number is 571-272-7615. The examiner can normally be reached on monday-friday.
